无甲醛

安装快捷

缔造健康居家，引领品质生活

# BAMBOO WOOD FIBERBOARD

- Good insulation effect: Carbon crystal panels have excellent insulation performance, which can effectively block the transmission of indoor and outdoor temperatures, thereby reducing the use of air conditioning, saving energy, and reducing carbon emissions.
- High environmental performance: Carbon crystal panel products do not require painting after coating, reducing the harm of formaldehyde to human health, and the environmental protection level is higher than the national environmental standards.
- Strong durability: Carbon crystal plates have high strength, wear resistance, corrosion resistance and other characteristics, which can be used for a long time without deformation, cracking and other problems
- Easy installation: Carbon crystal panels are lightweight, easy to install, do not require special tools or skills, and can be quickly installed
- Beautiful and elegant: The surface of the carbon crystal panel is smooth and flat, with a variety of colors. Different colors and styles can be chosen according to personal preferences to make indoor decoration more beautiful and elegant

## 防火阻燃

防火等级达到A级国家  
标准高温防火成型,  
遇火自熄

## 耐刮耐磨

采用加厚1.8mm进口PVC  
膜层耐磨不划伤

## 防水防潮

全新升级树脂复合材  
料,遇水不发霉,不变形

## 防污耐脏

污渍易去,一键即净

## PERSONALIZED LIFE

The pure use of color and concise aesthetics make the most genuine love in the heart jump out.

Pure white
